Starlines I

Explore the vastness of your universe in this multi-dimensional journey through deep space

Residential Program

$2,195.00

5 Days + 6 Nights

In this fascinating program, you will move into profound states of awareness, experience galactic and intergalactic exploration, and gain a deeper understanding of your role and place in the universe

Journey into inter-dimensional frontiers. One of the Monroe Institute's most advanced programs, Starlines I blends Hemi-Sync® technology with cosmic sounds recorded by space probes. This unique blend of sounds along with images from many space telescopes supports your journey into inter-dimensional frontiers. Explore energy systems available within Focus levels 34/35 and beyond. Experience the parallels between outer space and inner space explorations.

Know Yourself as an Even Greater Being. During this advanced program, explore life and consciousness beyond the Earth/Human realm. Travel through the solar system and familiarize yourself with the consciousness of each planet, retrieve memories, make contact with higher intelligence and higher inner guidance and receive messages/communications.

Discover your relationship with other life forms. Begin your new role as a "galactic ambassador." Bring back to Earth the patterns, perceptions, and visions which allow humanity and all Earth life to more easily attune to life-affirming futures

Explore the consciousness portal known as the Stargate of the Galactic Core. Experience a “Different Overview” once you awaken past and future memories associated with distant energy systems. Begin your new role as a “galactic ambassador”. Experience the Infinite Sea of what Bob Monroe called the “I-There Clusters”. Reclaim, remember, and integrate parts of Self.
